# **STATUS INQUIRY**

Commissioner for Patents Washington, DC 20231

Sir:

A new utility patent application with missing parts was filed on January 22, 2002. Since more than five months have elapsed since that date, and no response to said new utility patent application with missing parts has been received by attorney for applicant, Applicant respectfully requests that the undersigned attorney be informed of the status of the referenced application.

Respectfully submitted,

MCDERMOTT, WILL & EMERY

We currently project that it will be more than 15 months before this application will receive a first office action. This is because the application is classified in a technology that has experienced a large filing rate growth over the last few years. The Office is addressing the growth by adjusting examination resources accordingly. You may wish to consult the MPEP (708.02) to see if filing a petition to make special is appropriate.
